

A friendly workshop where men can gather, work together, share skills and knowledge or just have a chat over coffee.

The summer months are usually a little quieter for us at the Shed. Planned activities tend to be completed by now and our to-do list of community-focussed projects tend to be finished, delivered and, by now, earning their keep. The first half of this year has been particularly busy and next month we should be able to report on how children at Winslow Combined School are getting on with their new playground equipment – so far so good we're told! We should also have news about our forthcoming visit to Bicester Heritage Skills Academy which, as many of you will know, is fast becoming a nationally important base for training the next generation of historic vehicle technicians. There might be opportunities for mutual benefit in further liaison but, whatever the outcome, we're sure it will be a fascinating visit.

Just in time for Jubilee celebrations, Padbury village residents were delighted to receive their new book-swap cabinet - now installed outside the Village Hall. As a welcome diversion from months (years!) of spanner work, Ray completed this woodwork job as the latest in his long list of Shed accomplishments.

We will be meeting throughout the summer months and we still have plenty of jobs in hand but, as members start disappearing for annual holidays, individual projects are likely to come to the fore. With glorious summer weather on the cards (of course) it may be the perfect time to take a stroll down Station Road and pop-in for a brew. Hope to see you soon.

**The Shed is open every Tuesday and Thursday from 10:00 – 4:00
Unit 4, Station Road Ind. Estate. www.MenInShedsWinslow.org.uk**
